

Department of OB/GYN

Annual Report:

July 1, 2020 – June 30, 2021

David N. Dhanraj, M.D., MBA, FACOG, CPE

Chair and Associate Professor

Statement from the Chair

The turbulence, change, and resiliency experienced worldwide over the past year is certainly reflected in the department of OB/GYN. Aside from significant patient care challenges and training medical students and residents during the global pandemic, the department dealt with the April 2020 departure of the Chair, on-boarding a new Chair, replacement of the Residency Program Director & the two Assistant Program Directors (APD), transition of the OB/GYN Clerkship Director, and departure of two additional faculty members. This all occurred while the residency program was in the midst of two years in ACGME accreditation warning status. As if these events weren't enough, the country and our community were forced to address racism and social justice issues; our profession has always been a focal point for disparities in health outcomes.

My focus upon arrival was to assemble a strong leadership team. Dr. Geoffrey Towers, a Urogynecologist, retired USAF Colonel, and longstanding OB/GYN faculty member was named Residency Program Director. Dr. Kelly Nagy, active duty Major and former program graduate, became APD and Military Residency Program Director. Dr. Keith Reisinger-Kindle was named APD and OB/GYN Medical Director of Five Rivers Health Center, the residency outpatient clinical site. We quickly assessed the state of the program and created several formal mechanisms to elicit resident feedback. Our most recent ACGME resident survey scores place us above the national mean on all domains; we expect to be removed from "warning" status at the next accreditation assessment.

Dr. Josette D'Amato adeptly led our clinical practice during the pandemic; she stayed in constant communication at all levels to ensure uninterrupted face-to-face & virtual patient care, keeping safety of our patients, physicians and staff an urgent concern. She worked very closely with staff to modify our constant changing schedules and capabilities as we watched COVID evolve and eventually return to our new normal, keeping our practice's outcomes a top priority.

Dr. Marilyn Kindig accepted the Clerkship Director role, filling very large shoes and high standards left by her predecessor, Dr. Sheela Barhan. Dr. Kindig assumed challenges to effectively remotely educate students and finding more sites for learners to rotate. Her creative use of virtual learning, simulation, and student-led teaching earned her this year's Boonshoft School of Medicine *Innovation in Medical Student Teaching* award. Dr. Barhan's decade-long footprint and continued support of medical student education has ensured a cohesive platform to teach and mentor students in diverse career paths.

The OB/GYN specialty has been at the forefront of racism and social justice in medicine, our department is committed to leading change in both. Dr. Reisinger-Kindle piloted Antiracism Dialogue sessions with our residents; these sessions are being launched with BSOM leadership and faculty. He is engaged in several research projects on racism and health disparities. My previous work reducing the impact of racism on disparities in infant and maternal outcomes in Cincinnati perpetrated my selection to co-chair the BSOM Diversity, Equity, and Inclusion Task Force. I also represent the department and Ohio Perinatal Quality Collaborative (OPQC) on the Governor's Task Force on Reducing Disparities in Infant Mortality. Dr. Rose Maxwell's efforts as Research Director, have enabled us to swing the pendulum in these and many other areas. Her foresight, assistance to core faculty and networking with BSOM faculty has truly broadened our scope and vision for department scholarship and grants. Her upcoming July 1 promotion to Associate Professor truly attests to her work.

Finally, our recruitment efforts paid off; we are excited to welcome our most diverse residency class ever. Dr. Eyra Agudu will join our generalist faculty in July and Dr. Tiffanie Tam will join as our newest Urogynecologist in September. The department of OB/GYN navigated some choppy waters this past year yet I believe we are poised to accomplish great things at BSOM in the years to come!

Graduate students, including thesis supervision [master's, doctor's post-doctoral]

The Department of Obstetrics and Gynecology supports a fully integrated Wright State University Boonshoft School of Medicine / Wright Patterson AFB Ob/Gyn Residency Program. The program is primarily located at Miami Valley Hospital with rotations at Wright Patterson USAF Medical Center, Five Rivers Health Centers and other clinical sites in the Dayton area. The program accepts 6 residents per year, 3 civilians through the National Residency Match Program (NRMP) and 3 active duty military via the military match program for a total complement of 24 residents. In addition to the Ob/Gyn Residency Program, the department provides additional experiences for Emergency Medicine residents, Family Medicine residents and Geriatrics fellows. All core faculty supervise, proctor, and assist OB/Gyn residents in all aspects of patient care and are involved in the formal and informal education of our learners. Additional key responsibilities are noted below:

Graduate medical education (residents, fellows)

Dr. Barhan

Education Committee member
 Clinical Competency Committee Member

Dr. D'Amato

Mentor pediatric residents on adolescent rotation during her Gynecology Clinic at Dayton Children's Hospital
 Developed Scholastic Monthly Quizzes for Residency Remediation Program
 Residency Scholastic Remediation Program Mentor

Dr. Kindig

Residency Scholastic Remediation Program mentor

Graduate medical education (residents, fellows) con't:**Dr. Massengill**

Faculty coordinator for Urogynecology rotation
Instructor for surgical simulation and cadaveric surgical anatomy lab
Clinical Competency Committee member
Resident Education Committee member
Military Resident Selection Committee Chair
Residency Scholastic Remediation Program mentor
Intern Bootcamp Instructor
Lead Instructor, Emergency Course in Obstetrics, ACOG
Elect, Director of Medical Education – Wright Patterson AFB

Dr. Maxwell

Supervise resident research projects. Provide education related to research topics. Developed Resident Research Manual/Rotation to provide structure and objectives for the scholarly project requirement.
Chair, DAGMEC grants committee

Dr. McKenna

MFM Representative to Faculty Meeting
Education Committee member
Clinical Competency Committee member
Civilian Resident Selection Committee member
Residency Scholastic Remediation Program mentor

Dr. Nagy

Clinical Competency Committee member
Resident Education Committee member
