Other Information That Represents Your Academic Activities, Your Contribution To The Departmental And School Academic Mission	56-58
Hosted Events	59-60

**STATEMENT
FROM
THE
CHAIR**

The past year was one of productivity and growth in the Department of Psychiatry. There were significant contributions to peer-reviewed literature and increased external grant funding in a wide variety of areas of psychiatry and neuroscience. Our faculty members act as ambassadors for the Boonshoft School of Medicine through their dozens of local, regional, statewide, national, and international Plenary Sessions, presentations, and posters. They are also active in service on Editorial Boards, Advisory Boards, and Committees, both within the University, throughout the state, and at the national and international levels. Our patient care priorities include addiction, intellectual disability, child/adolescent psychiatry, and the public sector. Our goals of training future psychiatrists who provide evidence-based patient care while serving our community remain strong. Our commitment to address the addiction epidemic in our community has been transformed to touch the lives of many through numerous clinical, educational, scholarly, and community integration initiatives.

Dr. Kari Harper was named the Division Director of the Child/Adolescent Psychiatry (CAP) Fellowship this year; Dr. Ryan Mast was named the Director of Medical Student Mental Health Services. Funding was identified for all civilian adult psychiatry residents and the CAP Fellows utilized Dayton Children's Hospital and various community agencies. We successfully identified space and funding to expand the training program on the civilian side to match our military complement. Our department division leaders created a strategic plan with 1- and 5-year goals (each with designated faculty leads). We successfully recruited and hired additional psychiatrists, Dr. John Sullenbarger and Dr. Larrilyn Grant, who will support both the training program and the research initiative, among other educational endeavors.

The Department is on the cutting edge of technology with extensive use of Telepsychiatry services to reach rural and under-served communities with over 2,400 patients with complex needs from 87 of the 88 counties engaged across the state of Ohio. Wright State continues to be the home base for Ohio's Coordinating Center of Excellence in Mental Illness/Intellectual Disability and Ohio's Telepsychiatry Project. We continue to receive extensive funding support from the Ohio Department of Mental Health and Addiction Services as well as the Ohio Department of Developmental Disabilities for numerous clinical, scholarly, and educational initiatives. We also use technology for MCAT training and consultation in collaboration with the Ohio Department of Developmental Disabilities, which has an expanding statewide following.

We enjoy increased levels of support from Wright Patterson Air Force Base, the Veterans Administration Medical Center, Premier Health, and Kettering Health Network. Our BSoM medical students pursue psychiatry at rates double the national average thanks to the leadership of Dr. Bethany Harper and Dr. Nita Bhatt. Our scholarly work has expanded significantly due to the leadership of Dr. Danielle Gainer. Dr. Otto Dueno offers an Interventional Psychiatry rotation for BSoM medical students.

Our collaborative efforts with other departments in the BSoM, WSU campus, and the Dayton community (and well beyond!) continue to expand and promise to strengthen the program. We are committed to continued excellence in the areas of clinical, educational, and scholarly programs; we will continue to be integrated into our community and to serve others regarding mental illness and mental wellness.

Very Respectfully,

A handwritten signature in black ink, appearing to read 'Julie P. Gentile'.

Julie P. Gentile MD, MBA, DFAPA, Professor and Chair, NADD-CC

PROGRAMS AND DIVISIONS

Name of Division or Program	Director	Dates
Child and Adolescent Psychiatry Fellowship	Kari Harper, M.D.	2023 – Present
Medical Student Mental Health Services	Ryan Mast, MD	2023 – Present
Professor of Rural Psychiatry/Division of Research	Danielle Gainer, MD	2017 – Present
Intellectual Disability	Julie Gentile MD, MBA	2010 – Present
Community Psychiatry/Addiction Psychiatry	Brian Merrill MD, MBA	2017 – Present
Psychotherapy Clinic	Allison Cowan, MD	2014 – Present
Medical Student Education	Bethany Harper, MD Nita Bhatt, MD, MPH	2017 – Present 2018 – Present
General Psychiatry Residency	Brian Merrill, MD, MBA Allison Cowan, MD	2020 – Present

Dr. Kari Harper was named Division Director of Child/Adolescent Psychiatry. Funding was identified for all civilian adult psychiatry residents and the CAP Fellows utilizing community hospitals and agencies. We successfully identified space and funding to expand the training program on the civilian side to match our military complement. Our department division leaders created a strategic plan with 1- and 5-year goals (each with designated faculty leads). We successfully recruited and hired an additional psychiatrists, Dr. Larrilyn Grant and Dr. John Sullenbarger, who will support both the training program and the research initiatives. New goals and a new formal strategic plan are under development.

Child and Adolescent Psychiatry Fellowship

Kari Harper, M.D.: Director, Child and Adolescent Psychiatry Fellowship

The Child and Adolescent Psychiatry Fellowship serves to meet the needs of the children and adolescents of our community by providing outstanding clinical care at a variety of sites including: Dayton Children's Hospital (inpatient, consult-liaison, and outpatient psychiatry), Access Ohio (providing telepsychiatry to children, adolescents, and adults who have Intellectual Disability), Five Rivers (working in Integrated Care Clinics with Pediatrics and Family Medicine), Daybreak (serving the needs of housing insecure and runaway youth in the community), Wright State University (college mental health), Wright State Resident Psychotherapy Clinic (brief and long term dynamic, play, trauma-informed, and cognitive-behavioral therapies), and the Wright Patterson Air Force Base (outpatient psychiatry for military families). In addition, it is the mission of the division of Child and Adolescent Psychiatry to train Fellows, Residents, and medical students through a didactic curriculum and through supervision of clinical cases in both medication management and psychotherapy.

Rural Psychiatry

Danielle Gainer, MD; Director, Rural Psychiatry

The Rural Psychiatry Division exposes psychiatry residents to patients from rural communities throughout the state of Ohio via telehealth. Ohio's Telepsychiatry Project has provided comprehensive psychiatric care to over 2,300 patients with complex mental health needs from 87 counties in Ohio. This project serves patients with co-occurring mental illness and intellectual disability and provides greater access to psychiatric care to patients in rural communities. During the 2022-2023 academic year, twenty-four psychiatrists (nine faculty members and fifteen residents) improved access to care by providing treatment to these patients.

Research Division

Danielle Gainer, MD; Director, Research Division

During the 2022-2023 academic year, the Research Division within the Department of Psychiatry conducted a variety of scholarly projects. Scholar's Forum continued to occur approximately bimonthly and provided opportunities for collaboration, feedback, and discussion. Dr. Danielle Gainer and Dr. Sydney Silverstein, along with other members of their research team, concluded a mixed methods research study related to race and gender disparities in post-overdose trajectories.

A group of psychiatry residents and medical students, led by Drs. Jeffrey Lewis and Jessica Steinfeld, continued to work on a systematic review related to cognitive factors predictive of substance use treatment outcomes. This same team is actively recruiting participants to a prospective study at OneFifteen to obtain effect size measurements of cognitive measures that may be predictive of treatment retention. A group of medical students also conducted a retrospective record review from the Ohio Telepsychiatry Project and presented the findings at a variety of local, state and national psychiatric conferences. Lastly, the research division is also actively working on creating an online resource for students/residents to use for commonly asked research-related questions.

Medical Student Mental Health Services

Ryan Mast, DO; Director, Medical Student Mental Health Services

The Medical Student Mental Health Services Division provides access to mental health care that is free-of-charge (regardless of insurance status) to the medical students of WSU BSOM. Medical students nationally traverse a challenging educational path, and some will seek out mental health services for: support, informal mentorship, formal testing, and/or treatment for specific symptoms (eg. insomnia, anxiety, etc). Our services are primarily provided by Julie Gillespie (Licensed Professional Counselor) and Ryan Mast, DO (Psychiatrist), and these services include: individual therapy, couple's therapy, group therapy, psychological testing, and psychiatric medication management. Treatment options include in-person and/or virtual sessions to best meet the needs of the students. The division also provides students with information on how to access other services (including off-campus resources if they wish to use their insurance to see an off-campus provider).

Mental Illness / Intellectual Disabilities

Julie P. Gentile MD, MBA; Director, Division of Intellectual Disability Psychiatry; Project Director, Ohio Coordinating Center of Excellence (CCOE) in Mental Illness/Intellectual Disability (MI/ID) and Ohio's Telepsychiatry Project in MI/ID. Co-Investigators: Allison Cowan MD, Danielle Gainer MD, Bethany Harper MD, Kari Harper MD

The Division oversees two statewide, grant funded projects serving patients with co-occurring mental illness and intellectual disability. The Coordinating Center of Excellence provides community team development, statewide Second Opinion Assessments, and educational programming. Ohio's Telepsychiatry Project provides comprehensive mental health treatment to over 2,300 patients with complex needs from 87 of the 88 counties in Ohio. The Division has been awarded more than \$11 million since inception.

Community Psychiatry

Brian M. Merrill M.D., M.B.A. Director of the Division of Community Psychiatry

This division oversees PGY-III residents during their yearlong community psychiatry rotation and PGY-IV residents during their half-year-long rotation in Addiction Medicine. The emphasis during these rotations is on the development of evidence-based diagnostic and therapeutic skills needed to provide excellent clinical care for people experiencing severe and persistent mental illness (SPMI) and/or substance use disorders. Residents are exposed to best-practice service delivery models like Assertive Community Treatment (ACT) and novel programs like First-Episode Psychosis. PGY-III residents attend a monthly didactic series focusing on a range of topics meant to augment their clinical experience. We have systems-based topics, clinical presentations, and we visit sites in the field that provide psychosocial, supportive, and clinical services to help understand the network of community resources available to our patients. The Division Director hosted two DATA-2000 training courses prior to the elimination of the DATA 2000 requirement for buprenorphine prescription. The DATA-2000 trainings were delivered to medical students, internal medicine PGY-I's and psychiatry PGY-I's. Though the DATA 2000 requirement was waived in January of 2023, the Division Director continues to provide Addiction Medicine training in collaboration with colleagues through a SAMHSA grant, which provides support to WSUBSOM faculty to update Addiction Medicine curriculum at all levels of the school of medicine and in the community. For the GME trainees, the trainings allowed for earlier exposure to addiction medicine and community psychiatry content compared to previous orientation curricula.

Addiction Psychiatry

Brian M. Merrill M.D., M.B.A. Director of the Division of Addiction Psychiatry

Our community was identified as one of the "ground zero" locations in the nation for opioid use deaths and high prevalence of Substance Use Disorders. Over the past four years Dr. Merrill served as Assistant Medical Director for OneFifteen, a tech-enabled ecosystem dedicated to the full and sustained recovery for individuals experiencing substance use disorder. Dr. Merrill's professional relationship with OneFifteen ended in June of 2023 and he will be collaborating with an Athens, Ohio based organization called Integrated Services for Behavioral Health. Through this relationship there will be opportunities for collaboration with the 22 counties in SE Ohio where ISBH operates, though also ISBH is considering expansion into the Dayton area. An Addiction Medicine fellowship has been successfully accredited through the Family Medicine department and is being led by Dr. Anna Squibb. The Addiction Medicine Division has been actively working with an ongoing SAMHSA grant wherein support is provided to faculty to revamp education curricula across UME, GME, and with relevant WSU (e.g. NP program, nursing program, School of Professional Psychology, etc.) and community entities (University of Dayton PA program, etc.). Due to recent closures in relevant community partners (e.g. OneFifteen) there is a current shortage of community sites for R4 Addiction Medicine at this time. The Division developed a rotation at the Dayton Veterans Administration Hospital this year and continues to communicate with other potential partners. The R4 Addiction Medicine rotation, when clinical sites are not available, is being used to augment the SAMHSA grant and many of the Psychiatry Residents are getting supervised experiences by Drs. Merrill and Gainer in Clinician Educator rotations.

Psychotherapy Clinic

Allison Cowan, MD

Medical Director, Residency Psychotherapy Clinic

Assistant Training Director, General Psychiatry Training Program

Associate Training Director of Psychotherapy and Clinic-Based Services

The WSU Department of Psychiatry Residency Psychotherapy Clinic continues to provide high-quality, low-cost psychotherapy in person and via telehealth to the greater Dayton area and has done so for over 25 years. The clinic provides individual couples, marital, and family therapy in many evidenced-based modalities. Additionally, the clinic conducts play therapy and individual therapy to children and adolescents both via telehealth and in-person. In order to meet the needs of our patients, the clinic continues to offer both telehealth and in-person visits. The psychotherapy clinic also provides mental health services to the Wright State University medical students including individual and couples therapy. Our clinic continues to expand and now serves as a training site for a total of 39 psychiatry residents and child and adolescent psychiatry fellows. In addition to our clinic remaining the recruiting gem for residency applicants that it has been for many years, it serves as a touchstone for over 35 faculty across the country who remain invested in psychiatry and psychotherapy education in the Wright State University Department of Psychiatry Psychotherapy Clinic.

Medical Student Education

Bethany Harper, MD

Director of Medical Student Education for the Department of Psychiatry

Nita Bhatt, MD, MPH

Associate Clerkship Director

The division oversees the educational activities of medical students at Wright State University Boonshoft School of Medicine during all four years of the curriculum. This includes the Foundations Phase and the Doctoring Phase. The Foundations phase consists of years 1 and 2 and Doctoring phase consists of the Doctoring year and the Advanced Doctoring year. During Foundations, the mental status exam is introduced to the first-year medical students during their Introduction to Clinical Medicine course. The introduction to psychiatry course is an integrated course with neurology and musculoskeletal/integument content titled Balance, Control, and Repair (BCR) during the second year of medical school. BCR is facilitated by the Psychiatry Faculty, Neurology Faculty, Dermatology Faculty, Pathology Faculty, and Pharmacy Faculty. Dr. Harper acts as co-module director and a total of three psychiatry faculty members participated as Peer Instruction facilitators and team-based learning facilitators. During Doctoring and Advanced Doctoring, third- and fourth-year medical students rotate through the psychiatry clerkship and fourth year psychiatry electives, respectively.

The Psychiatry Clerkship continued as a separate clerkship with a pass/fail/honors grading system. The length of the clerkship continued at four weeks in length. Dr. Harper works with other faculty on development of psychiatry related content within the new curriculum—The Wright Curriculum. During the 2022/2023 Academic Year, which started April 2022, Dr. Sara Cruikshank and Dr. Michael Ji were appointed Education Chiefs. For the 2023/2024 Academic Year, Dr. Michael Hubbell, Dr. Genevieve Miller, and Dr. Basir Hussaini were appointed Education Chiefs. During the 2022/2023 Academic Year, Dr. Bhatt, the second-year child fellows, and the fourth-year Education Chief Residents assisted as facilitators during team-based learning sessions and other interactive sessions for the Psychiatry Clerkship. The formal curricular time in the Psychiatry Clerkship is over 80% Active Learning based, with TBL/PBL curriculum. The inpatient faculty and Chief Residents complete formative evaluations of

Programs and Division (Medical Student Education) – continued from page 8

observing students interviewing patients. Additionally, the faculty and residents generally spend 1-2 hours a week in formal teaching time with the students in addition to the clinical teaching.

We have four inpatient sites (MVH, VAMC, KBMC, and Twin Valley Behavioral Health in Columbus) with one to three attending preceptors at each of those sites. Four to six students now do a combination of inpatient psychiatry and consultation/liaison psychiatry at the Premier site (MVH) with three to four students rotating on inpatient psychiatry and one to two students rotating on consultation/liaison psychiatry at MVH; one to two students rotate on inpatient psychiatry at the VA with one of those students spending time on the consultation/liaison service at the VA and one of those students spending time in the outpatient setting at the VA; two students rotate on inpatient psychiatry at KBMC; and two to three students rotate on inpatient psychiatry at Twin Valley Behavioral Health in Columbus.

A total of 57 students enrolled in fourth-year electives:

- Child and Adolescent Psychiatry – PYC 8401 (9 students)
- Consultation/Liaison Psychiatry - PYC 8402 (3 students)
- Introduction to Psychotherapy – PYC 8405 (5 students)
- Mental Health Services for Homeless Youth and Young Adults at Daybreak– PYC 8403 (10 students)
- Academic Medicine – Psychiatry - PYC 8499 (5 students)
- Addiction Medicine – PYC 8407 (9 students)
- IntDev Disability Mental Illness – PYC 8408 (11 students)
- Interventional Psychiatry – PYC 8409 (12 students)
- SIE's – Total = 11
 - Addiction Geriatric Psych Care – 1
 - Intellectual/Dev Research – 1
 - Clinical Psychiatry Outpt/Inpt - 1
 - Consult-Liaison Psychiatry – 1
 - Outpatient Psychiatry – 1
 - Forensic & Consult/Liaison - 1
 - Inpatient Psychiatry – 4
 - Intellectual Disability Research – 1

Residency Training 2022– 2023

Attendance

- Faculty and Staff
 - Brian Merrill
 - Allison Cowan
 - John Sullenbarger (Chair of PEC)
 - Terry Correll
 - Matt Baker
 - Babar Hasan
 - Bethany Harper
 - Marcia Boeck
- Residents
 - Michael MacKay

Structure of Residency

- **Training Director**
 - Brian Merrill
- **Deputy Training Director**
 - Allison Cowan
- **Associate Training Directors**
 - Matthew Baker – Military Affairs
 - Terry Correll – Education and Training
 - Allison Cowan – Outpatient Clinic and Psychotherapy
 - Babar Hasan – Hospital-Based Services
- **Assistant Training Directors**
 - R-1 = Babar Hasan
 - R-2 = Ryan Mast
 - R-3 = Ryan Peirson
 - R-4 = Allison Cowan
- **Chief Residents**
 - Andy Hur, Michael MacKay until April 2023. Sara Cruikshank and Ok Ji until June 2023.
 - Christine Ciaramitaro, Brienne Jungels since April 2023. Genevieve Miller, Michael Hubble, Syed Basir Hussaini starting July 2023.

Structure of Residency – continued from page 10

- **Faculty**
 - New faculty members
 - John Sullenbarger
 - Laura Virgo
 - Michelle Bonnet
 - Hussein El-Khatib
 - Scott Bullock
 - Kristie Place
 - Jeremy Johnson
 - Joel Dey
 - Sydney Silverstein
 - Nihit Gupta
 - Jonathan Hester
 - Faculty members leaving
 - Suzie Nelson - Administrative at DCH, still working with Fellows
 - Pamela Broderick - Permanent change of station to Travis AFB
 - Wayne Anable - Deceased
 - Carmel Flores - Deceased

- **Current Residents**
 - Started the year with 43 general psychiatry residents
 - 7 graduated on 30 June 2023
 - 3 R3s left the program on 30 June 2023 to start Child and Adolescent Psychiatry Training

- **Residency Tracks (2021-2022)**
 - IDD
 - PGY4 – Ricky Steiner
 - Psychotherapy
 - PGY4 – Michael MacKay*
 - Clinician / Educator
 - PGY2 - Daniel Fisher
 - Addiction
 - PGY4 - Sara Cruikshank*
 - PGY4 - Victor Beals*
 - College Mental Health
 - PGY4 - Brandon Saia

* = Completed Track

- **Resident Evaluations (July 1 2020 - June 30 2021)**
 - “Core Faculty” were assigned 119 evaluations
 - Compliance = 94% (2019-2020 = 82%)
 - Department Faculty were assigned 202 evaluations
 - Compliance = 66% (2019-2020 = 50%)
 - Outside Faculty were assigned 171 evaluations
 - Compliance = 91% (2019-2020 = 41%)
 - Total – 492 evaluations
 - Compliance = 82% (2019-2020 = 59%)

Recruitment

- **For Class of 2026**
 - Resident Recruitment Liaison Team
 - Included Victor Beals, Christine Ciaramitaro, Jessica Stanfield
 - Recruitment Chief position created for PGY-IV resident to begin 7/1/23
 - Military Recruitment
 - Continued to expand resident involvement in military recruitment, especially aimed at improving allowing exposure to meaningful clinical experiences based on rotating students' individual interest.
 - Coordinated visiting medical students' rotation schedules and residency interviews while they are visiting with us.
 - 34 applicants to Air Force psychiatry positions
 - 16 applicants completed rotations at WSU and interviewed while on rotation
 - Civilian Recruitment
 - Pre-Interview Q&A Sessions the evening before scheduled applicant interviews
 - Interview Day
 - All virtual interviews
 - Each applicant had 4 interviews with faculty and senior residents.
 - Will continue resident involvement in interviews as this remains well-received from residents, applicants, and faculty.
 - Feedback on changes to Interview Day
 - Virtual interviewing well received other than occasional technological difficulties
 - Results
 - 7 slots filled through ERAS
 - 570 Civilian Applicants
 - Invited – 48
 - Interviewed – 44 (2 canceled, 2 withdrew)
 - Rated – 44
 - Ranked – 44
 - 7 slots filled through the military match
 - 34 Air Force applicants
 - 4 were from among applicants who rotated with us
 - 3 visited sites and interviewed, but did not rotate
 - 14 incoming residents
 - 9 women and 5 men
 - 2 from BSOM

Local / State / National Leadership Roles

- OPPI Resident Representative – **Daniel Fisher**
- APA Diversity Leadership Fellowship - **Wendy Clay**

Major Events / Changes During the Year

- Leadership
 - John Sullenbarger joined as Assistant Training Program Director
 - Child and Adolescent Fellowship Training Director transitioned from Ryan Mast to Kari Harper
 - Medical Student Mental Health Services transitioned from Kari Harper to Ryan Mast
- Facilities and Rotations
 - OneFifteen:
 - Addiction Medicine rotation cancelled in R2 year at OneFifteen due to lack of attending supervision availability—resuming in the 23-24 AY under the supervision of Anna Squibb.
 - Three R3s had a full-year longitudinal experience - supervision for this rotation will transition to Natalie Lester
 - Each R4 has a 6-month rotation one half day a week - this will be reduced during 23-24 AY due to supervision changes and addiction medicine rotation slots will be dispersed to other sites
 - Dayton VA Medical Center
 - Added as an additional addiction medicine site for upcoming AY 23-24
 - Twin Valley Behavioral Health (State Psychiatric Hospital):
 - Rotation added during 22-23 AY and 6 month rotation completed by two PGY-4's - will be continuing 23-24 AY
 - Integrated Services Behavioral Health
 - Rotation discontinued 22-23 AY due to lack of supervision
 - Mahajan Therapeutics
 - The clinic was sold to Baymark, discussing with them new contracts to address current coverage concerns
 - Fellows to begin joining Mahajan for school based care
 - Integrated Services Behavioral Health
 - Rotation discontinued 22-23 AY due to lack of supervision
 - TCN
 - Started elective rotation with Esam Alkhawaga on local ACT team seeing patients with SMI in community - will be offered as R3 community rotation in 23-24 AY
 - University of Dayton
 - Plan to discontinue clinical site in 23-24 AY due to lack of sufficient funding
 - Elective
 - Continued to offer 2 electives during the R2 year to help with balance given demands of clinical rotation, increase exposure to psychiatric subspecialties, and resolve the tension around choosing a “research elective” versus a clinical elective from resident feedback – will be reducing back to 1 elective starting 23-24 AY

Facilities and Rotations – continued from page 17

- WSU Counseling & Wellness
 - Added additional supervision, resident, and fellowship spots to the WSU counseling and wellness rotation over the 22-23 AY
- COVID Changes:
 - Didactics and patient care at 2555 University Boulevard used hybrid approach based on shifting circumstances throughout the year and individualized based on individual's personal preferences. In person participation was emphasized. New patient intakes at 2555 are encouraged to be in-person. Didactics for residents will be required in-person starting July 1st 23-24 AY in line with other local and national residency program standards.
 - WPAFB, the Dayton VA Medical Center, Access Ohio and the DD clinic continued telepsychiatry and in-person treatment
- Resident Funding:
 - Department of Defense
 - Continues to fully fund US Air Force residents within the program
 - Premier Health— new leadership is increasing funding for residents after several years of decreased funding
 - Historically they funded up to five resident slots per resident class
 - During 2019 - 2020 they funded only 16 slots (3-R1, 5-R2, 5-R3, 2-R4)
 - For 2020 – 2021 Premier Health funded 14 slots (3-R1, 3-R2, 5-R3, 2-R4)
 - For 2021-2022 Premier Health funded 14 slots (3-R1, 3-R2, 5-R3, 2-R4)
 - Moving forward Premier Health has pledged to fund up to 20 civilian residents (5 per resident class).
 - Alcohol, Drug, and Mental Health Services Board of Montgomery County
 - Funding received from statewide workforce development program, permitting us to fund additional two civilian residents for upcoming academic year (7 total per resident class)
 - Kettering Health Network
 - Funded 2 resident slots
 - Mahajan Therapeutics
 - Mahajan Therapeutics will reimburse Wright State Physicians for the time residents spend there
 - VA Medical Center
 - Premier Health agreed that the VA would reimburse Wright State Physicians for the time that civilian residents spend on psychiatry rotations at the VA up to 6 FTE
 - Access Ohio
 - Will reimburse Wright State Physicians for the time residents spend there
 - IDD Clinic
 - Will reimburse Wright State Physicians for the time residents spend there
 - OneFifteen
 - Residents will spend ½ day per week there for 6 months during their R4 year
 - OneFifteen will reimburse Wright State Physicians for the time residents spend there
 - Resident Therapy Clinic:
 - Continued treatment of medical students in group and individual therapy
 - Institutional Review Board-approved project for mindfulness and Virtual-Reality Assisted Mindfulness study in medical students completed during 22-23 AY

Wellness Initiatives:

- Hosted several Grand Rounds on Wellness discussion with internal and external faculty
- Promoted independent and group wellness activities based on resident feedback by providing protected time
- Peer-led process group meeting
- Distributed information for local mental health resources
- Resumed the annual department Holiday Party after several years of cancellations during COVID public health emergency
- Resumed in-person intern welcome party at local baseball game
- Resumed quarterly movie night to promote resident and faculty cohesion
- Continued Eid Al-Fitr annual celebration
- Psychiatry Book Club returned to in-person meetings to foster community, life-long learning, and connection
- To promote wellness, mental health half days were instituted so that smaller groups of residents could do outdoor activities

COVID-19:

- The Department continued to offer remote options for didactics as well as clinical care where supported
- Our experience with telework during the pandemic allowed us to modify our template for faculty participation. We now have one faculty member who is telecommunicating and functioning in an assistant training director role which has been well received by faculty and residents.
- Assistant Training Directors remained in contact with assigned resident classes for any updates on physical or mental health
- Graduation returned to having in-person attendance

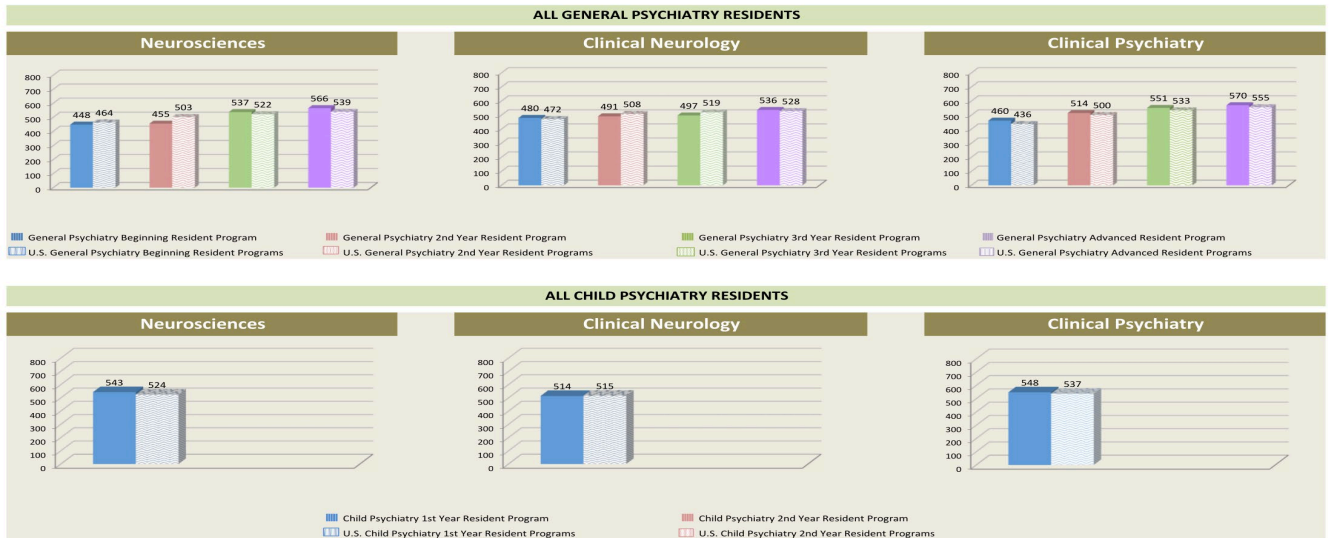

Patient Safety Activities:

- Kelly Rabah is leading root cause analyses with optional resident participation several times throughout the year, leading to working group formations and reports on suggested changes
- Instituted improved PGY-I orientation process to include dialogue between MVH nursing staff, security officers, and residents aimed at improving response to “Code Violets” and other patient emergencies / urgencies.
- Grand rounds on mitigating medicolegal risk in medical documentation.
- Leadership Summit Update:
 - Department Leadership continues to work on one year and five-year goals for the department.
 - Plan to update goals within the next academic year.
 - 1-Year Projects
 - Maintain ACGME accreditation for residency training program
 - Modify curriculum and schedules to accommodate two additional residents in the class of 2027
 - Develop meaningful women’s health initiatives in the program (e.g. didactic experience and/or contraception content for community rotations)
 - Expand/iterate on inaugural DEI dialogue
 - Develop Faculty Development content for upcoming year
 - Develop additional community sites for R3 longitudinal community psychiatry rotation

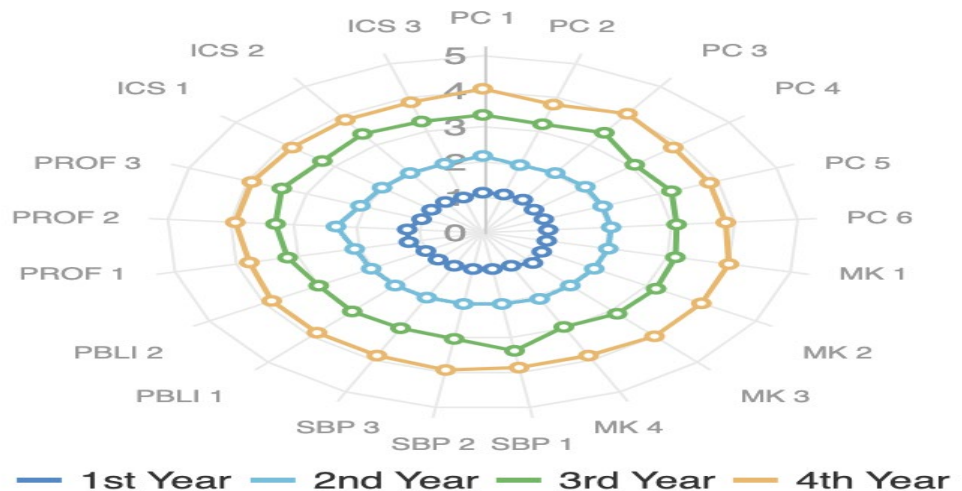

- **Leadership Summit Update continued from page 19:**
 - 5-Year Projects
 - Create Research Division (complete)
 - Create Addiction Fellowship (A collaboration with the family medicine department - fully accredited this year, starting in AY 2023-24)
 - Modify curriculum to increase combined class didactics and modernize content
 - Standardize supervision processes and curriculum for community psychiatry rotation sites
 - Residents volunteered to join each project team

Resident Performance

- **PRITE Scores**

- **Milestones**

June 2022

Faculty Development

- Board Review
 - A 12 week “Board Review” course is taught annually to our faculty and residents by Terry Correll
- Psychotherapy Educator Meetings
 - Met monthly throughout the year to discuss psychotherapy education
- Feedback from residents:
 - Anonymous resident feedback on didactics was shared with instructors
- Additional Support
 - Half-day faculty development meeting focused on professional identity, education, promotion, wellness
 - Half-day of diversity, equity, and inclusion dialogue on social identity amongst faculty members
 - Scheduled faculty development meeting on 8/29/2023 to discuss feedback, evaluations, and supporting resident colleagues in preparing posters
 - Additional training has been completed by military faculty through the Wright Patterson Air Force Base
 - One faculty member was a facilitator in a longitudinal diversity, equity, and inclusion dialogue with one other faculty participating

Didactics

- Composition of educators for 2022-23 AY was rather stable, with most courses having more than one instructor responsible for material.
- A ‘Curriculum Improvement Group’ with faculty and residents was created to focus on enhancing current set of didactic series through active learning methods, addressing curriculum deficits, and incorporating resident feedback.
- Partnership formed between upcoming PGY-IV and Assistant Training Director to examine current neuroscience didactics and bolster material, learning methods in current curriculum.
- Residents reviewed courses at resident retreat and gave feedback to inform the next year’s scheduling
- As part of QI project, residents catalogued PRITE questions and provided them digitally to faculty to be included with relevant didactic content
- New and Changed Courses
 - Climate Change and Mental Health
 - Taught by John Sullenbarger
 - Mental Status Exam / Presenting
 - Taught by Terry Correll
 - Replaced by ‘How to be a Psychiatrist’ for PGY-I’s
 - How to be a Psychiatrist
 - Taught to incoming PGY-I’s by Brian Merrill, Allison Cowan
 - Reviews mental status exams, presentations, history taking

New and Changed Courses – continued from page 21

- Discusses issues of professionalism
- Reproductive Psychiatry
 - In early stages of developing this course within the curriculum for the next academic year
- Classic Papers and History of Psychiatry
 - Combined courses to provide larger discussion group and to consolidate redundant material
- As part of QI project, residents catalogued PRITE questions and provided them digitally to faculty to be included with relevant didactic content

Graduate Performance

Graduate Performance

- ABPN Board Pass Rates
 - Psychiatry Certification exam 2014-current – First-Time Pass Rate
 - 63/67 passed total
 - 61/64 passed on first attempt
 - 2022 Graduates
 - 9/9 passed on first attempt

Overall Program Quality

- **Resident Retreat Information**
 - Didactics
 - Concerns with neurobiology course addressed as above
 - Rotations
 - No particular concerns with rotations
 - Psychotherapy Clinic
 - No problems or concerns
 - Reviewed therapeutic styles and goodness of fit of psychotherapy educators

ACGME Areas For Improvement

While no ACGME Areas of Concern or Citations were issued. The categories where our program fell below the national average on the ACGME survey were discussed in our annual program evaluation with plans to address these issues as follows:

- Resident Survey
 - Resources
 - Impact of other learners on education - while this is an area that we are tracking on par with specialty and national means, we are trying to improve the collaborative learning environment for those at various stages in their medical education in addition to those from different medical training backgrounds. This is being done by discussing the importance of collaborative work and the opportunity for reciprocal

ACGME Areas for Improvement -continued from page 22

teaching. Additionally, there is work being done with the local community hospital to expand working space for learners which is limited and potentially contributing to dissatisfaction with impact of other learners on resident education.

- Faculty members discuss cost awareness in patient care decisions - there are plans to more directly address this during PGY-3 community didactics and emphasize the need for supervisors to have verbal discussions regarding cost:benefit analysis during medical decision making. There is also consideration to have a departmental grand rounds with open discussion on cost awareness in medical decision making.
- Patient Safety & Teamwork
 - Participate in safety event investigation and analysis - there is currently a root cause analysis process in place for patient safety events several times throughout the year in order to involve residents in safety event investigation and analysis. There are plans to increase resident participation in this process by improving frequency and clarity of communication regarding this and other current opportunities.
- Faculty Survey
 - In past, have talked about process for reporting unprofessional behavior and ensure there is a process in place at each clinical site
- Satisfaction with process for evaluation as educators
 - In past, talked about action plan for proper evaluations to be distributed to proper learners and educators.
 - Conducting professional development activity on providing feedback to learners for our faculty members (August 2023)

TEACHING

➤ **Graduate Students**

- **Terry Correll, D.O.**
 - Presenter, “Optimal Strategies for Supervising Psychotherapy” at North Carolina State University PhD Counseling Program 2022 - current
- **Ryan Mast, D.O.**
 - Supervisor for Fellow research

➤ **Undergraduate Medical Education**

- **Ryan Mast, D.O.**
 - Clinical education with MS4s on the CAP rotation (ended 12/31/2022); MSE and Sim Patient Interview with MS2s
- **John Weiffenbach, M.D.**
 - Psychiatry Clinical Teaching
- **William Clark, M.D.**
 - OCD obsessions/intrusive thoughts lecture, MS4 Psychotherapy Elective (1hr)
- **Terry Correll, D.O.**
 - Core Faculty for “The Healer's Art - Awakening the Heart of Medicine” for medical students at Boonshoft School of Medicine, Wright State University, which provides a safe environment for students and faculty to explore and connect with the humanistic and professional values that they bring to the practice of medicine
 - Created/Teach “Psychotherapy Case Conference” for 4th year medical student psychotherapy elective at the Boonshoft School of Medicine, Wright State University
 - Created/Teach “Healthy Lifestyle Interventions Augmenting the Effectiveness of Psychotherapy” for 4th year medical student psychotherapy elective at the Boonshoft School of Medicine, Wright State University
- **Laura Virgo, M.D.**
 - Creation of didactics for MS4 medical students who are on a psychotherapy elective Attachment Theory and Transference/Countertransference
 - Facilitated/coordinated two WSU MS3s to come to the base as part of their psychiatry clerkship for several half days.
 - Director for Medical Student Education on WPAFB; responsible for development/facilitation and coordination of MS4 audition rotations for military medical students on WPAFB.
- **Gianni Maione**
 - Clinical rotation supervision and education with Medical Students Y4 (March 2023). Academic lecture in regard to childhood mental health disorders (05/2023)

➤ Undergraduate Medical Education – continued from page 28

- **Franklin Halley**
 - Occasional coverage of psychiatry rotations for med students on VA inpatient

- **Nita Bhatt, M.D.**
 - Wright State University, Boonshoft School of Medicine Clerkship Preceptor
 - Wright State University Boonshoft School of Medicine Mental Status Exam Didactic
 - Wright State University Boonshoft School of Medicine Mood Disorders Didactic
 - Wright State University Boonshoft School of Medicine Discussing Racism in Medicine Didactic
 - Wright State University Boonshoft School of Medicine Psychotherapy Elective Didactic
 - Wright State University Boonshoft School of Medicine Reviewer/Editor of Medical Student Performance Evaluations
 - Wright State University Boonshoft School of Medicine Department of Psychiatry
 - Medical Student Faculty Career Advisor

- **Allison Cowan, M.D.**
 - Intellectual and Developmental Disabilities Psychiatry: MS4 elective
 - Introduction to Psychotherapy: MS4 elective

- **Danielle Gainer, M.D.**
 - Clinical preceptor for medical students at Access Ohio
 - Clinical preceptor for medical students at OneFifteen

- **Brian Merrill, M.D.**
 - Balance, Control, Repair: Substance Use Disorders Simulation
 - Addiction Medicine Elective (course director until 4/1/23)
 - DATA 2000 Training for MS-Ivs

- **Bethany Harper, M.D.**
 - Balance, Control, and Repair Module Co-director- during Foundations phase
 - Develop content for interactive didactic sessions (Peer Instruction and Team Based Learning), Facilitate Psychiatry Peer Instruction and TBL sessions, Manage psychiatry discussion boards during the course, Office Hours- (2 hours during course), Develop and manage psychiatric content for MCQ Exams, Review NBME Database and construct final exam and retake exam psychiatry questions from database.
 - Director of Medical Student Education time involved in 2022-2023 AY: Approximately 30-40 hours in material development for Peer Instruction sessions and revision of TBL sessions, 20 hours of material development and review for other facilitators, 36 hours of class time, 20 hours of exam development, and 10 hours in report preparation, scheduling tasks, coordination with other faculty, meetings with students, and managing discussion board. (Weekly average is 10 hours).
 - BCR sessions include the Session on Suicide, Team Based Learning on Substance Use Disorders, Team Based Learning on Dementia and Delirium, Peer Instruction on Anxiety Disorders, Personality Disorders, Child and Adolescent Psychiatry, Trauma and Stressor Related Disorders, Somatic Symptom Disorders, Bipolar Disorder, Combined Neuropsych Day, Dopamine Day, and review session."

➤ Graduate Medical Education

- **Suzie Nelson, M.D.**
 - Wright State University Child and Adolescent Psychiatry Fellowship
 - Co-facilitator, Child and Adolescent Psychiatry Psychotherapy Case Conference (40 hours)
 - Co-Facilitator, Child and Adolescent Psychiatry Development Seminar (12 hours)
 - Co-Facilitator, Transition to Practice (4 hours)
 - Didactics Organization and Scheduling
 - Facilitator, Pediatric Depression
 - Wright State University General Psychiatry Residency
 - Co-Facilitator, Attachment Theory (8 hours)
 - Co-Facilitator, Growth and Development (6 hours)
 - Facilitator, Cognitive Behavior Psychotherapy Case Conference (6 hours)
- **Kari Harper, M.D.**
 - Didactics for general residents: Intellectual Developmental Disability Series (direct lectures, co-facilitator of series)
 - Child & Adolescent Psychiatry Series (direct lectures and oversight of series)
 - Co-facilitator, weekly psychotherapy case conference, psychiatry residents
- **Nita Bhatt, M.D.**
 - Wright State University Department of Psychiatry Resident Psychotherapy Supervisor
 - Wright State University, Department of Psychiatry PGY-IV Forensic Psychiatry Rotation Preceptor
 - Wright State University Department of Psychiatry PGY-II Diversity and Spirituality Didactic
 - Ohio Health, Department of Psychiatry PGY-II Forensic Psychiatry Rotation Preceptor
 - Wright State University Department of Psychiatry PGY-IV Transition to Practice Didactic
 - Ohio State University, Department of Psychiatry PGY-II Forensic Psychiatry Rotation Preceptor
- **Julie Praus, M.D**
 - Borderline Personality disorder, series of four lectures to R3s
 - Addressing Sexuality: coordination of three lectures, delivered one on Epidemiology and modeling of sexual minorities
- **Danielle Gainer, M.D.**
 - Emergency Evaluations, Course Director: This is a one-month course presented to first year psychiatry residents. Discussions in the course focus on emergency psychiatry topics, including neurocognitive disorders, evaluation and treatment of an agitated patient, psychosis, mania and substance use emergencies.
 - Eating Disorders, Course Director: This is a one-month course for third year residents. Discussions in this course focus on the advanced pathophysiology, diagnosis and treatment of eating disorders.
 - Introduction to Research, Course Director: This is a one-month course for second year residents. Discussions in this course focus on basic principles of the research design, critical appraisal of scientific literature, human research subject protections, data collection and analysis and presentation/publication skills.
 - Clinical supervisor at Access Ohio and OneFifteen and MCBDDS
 - “MATE Act Training” Boonshoft School of Medicine, June 15 and 16, 2023 – for residents and PA students

➤ **Graduate Medical Education – continued from page 30**

○ **Terry Correll, D.O.**

- Associate Training Director for Academics and Evaluations, Department of Psychiatry, Wright State University Boonshoft School of Medicine
- Scholarly Activity Advisory Committee Member at Wright State University Boonshoft School of Medicine Department of Psychiatry
- Weekly Psychotherapy Case Conference Leader/Discussant – teaching PGY 1-4 psychiatric residents at the Boonshoft School of Medicine, Wright State University, on the practical application of psychotherapy skills in psychiatry utilizing recordings of psychotherapy sessions
- Clinical preceptor/attending psychiatrist for PGY 2/4 psychiatric residents at USAFSAM
- Clinical preceptor/attending psychiatrist for PGY 2/4 psychiatric residents at USAFSAM
- Course Director and primary teacher of Psychiatric Diagnosis and Psychopharmacology
- Course Director and primary teacher of Addiction Medicine
- Course Director/co-teacher of Spirituality and Diversity and its Impact on Psychiatric Care
- Course Director of Mindful Practice
- Course Director and primary teacher of Motivational Interviewing
- Course Director and co-teacher of Treatment-Resistant Depression and Anxiety
- Course Director and co-teacher of Group Psychotherapy
- Course Director and co-teacher of Trauma and Recovery
- Serve as group psychotherapy supervisor/professional mentor to psychiatric residents each year at Wright State University Boonshoft School of Medicine Department of Psychiatry
- Visiting Professor for Diploma in Aviation Course at King's College in London and for the Royal Air Force at Henlow Air Force Base
- Created/Faculty Site Director – Global Health Psychiatry - psychiatric consultation with The Luke Commission in Eswatini (formerly Swaziland).
- Created/Teach “Lifestyle Medicine in Psychiatry” course for 3rd year psychiatry residents at the Boonshoft School of Medicine, Wright State University
- Clinical faculty/preceptor for Residents in Aerospace Medicine (RAMs) at USAFSAM teaching Aerospace Psychiatry, Resilience, and Lifestyle Medicine Faculty for Advanced Aerospace Medicine for International Medical Officers teaching neuropsychiatric concepts/lectures to physicians from allied nations

○ **William Clark, M.D**

- Course Director, Neurobiology II: 6 month senior resident course
- Facilitating CAP Case Conference (1hr/wk)
- Child Psychotherapy Supervisor (1hr/wk)
- Adult Psychotherapy Supervisor (1hr/wk)
- Inside Out Clinic: CAP lecture series for pediatric residents (about 1hr per month)
- Billing/Coding lecture (R3 Base Orientation) (1hr)
- CAP Med Pearls lecture (R3 Base Orientation) (1hr)
- OCD/tics/ADHD: neurobiological perspective (CAP fellows) (3hrs)
- CDE/WWD Military (R4) (1hr)
- CSE/CSV Evaluator (R3) (3hrs)
- CAP R2 - Preschool Development Lectures (1hr)
- CAP R2 - OCD/Tics lecture (1hr)

➤ **Graduate Medical Education – continued from page 31**

○ **Ryan Peirson, M.D**

- WSU Psychiatry resident didactics
- PGY-1 Legal issues and Ethics
- PGY-2 Legal issues II and Ethics
- PGY-5 (CAP) Legal issues for child and adolescent psychiatry
- WSU Clinical teaching/Group psychotherapy supervision.
- USAF School of Aerospace Medicine (USAFSAM)
 - Aerospace medicine residency
 - Aerospace psychiatry
 - Flight surgeon course
 - Aerospace psychiatry

○ **Julie Gentile, M.D., M.B.A.**

- IDD Psychiatry
- Clinical Preceptor at Access Ohio Mental Health Clinic
- One of eight case conference facilitators in the psychiatry department, thus attend didactics weekly for at least an hour to facilitate understanding of psychodynamic psychotherapy.
- Psychotherapy Supervisor

○ **Brian Merrill, M.D.**

- DATA 2000 Waiver Training for PGY-Is (Psychiatry and Internal Medicine)
- Track Co-Supervisor
- Leadership Track
- Addiction Track
- Didactic Course Organizer, Facilitator, or Co-facilitator
 - How to be a Psychiatrist
 - Transition to Practice
 - Introduction to Psychotherapy
 - Psychodynamic Psychotherapy Case Conference
 - Introduction to Brief Therapy
 - Classic Papers
 - History of Psychiatry
 - Psych Services (Neuropsychology)
- Clinical Supervision
 - Psychiatry Resident Psychotherapy Clinic
 - OneFifteen with Services Provided by SBHI (ended 6/30/23)

○ **Laura Virgo, M.D.**

- Significant part of the curriculum-building team for psychiatry residents rotating at WPAFB. Created and presented didactics on suicide, geriatric psychiatry, and AF-specific psychiatry topics. Supervised four PGY-3s on their outpatient rotation at WPAFB and one PGY-4 on his cases in the WSU psychotherapy clinic. Total of 3 hours of resident supervision weekly.
- One of eight case conference facilitators in the psychiatry department, thus attend didactics weekly for at least an hour to facilitate understanding of psychodynamic psychotherapy. Taught the PGY-3s for two hours on ID psychiatry as part of the ID didactic.

○ **Franklin Halley, M.D.**

- Psychiatry residents in VA outpatient clinic and occasionally on VA inpatient

➤ **Graduate Medical Education – continued from page 32**

- **Ryan Mast, D.O.**
 - CAP Didactics for Fellows, Clinical Didactics with R1s, R3s, R4s, and Fellows

- **John Sullenbarger, M.D.**
 - Psychiatry Course: formulated, crafted, and instructed a 4-week course on the impacts of climate change on mental health for PGY-1's and PGY-4's
 - PGY-1 Psychopharmacology and Psychiatric Diagnoses Course: teaching from DSM-5 and Stahl's Prescriber's Guide to PGY-1's; lectures comprised of 1 hour weekly in October and November, then 2 hours weekly in December
 - Weekly 1-hour psychotherapy supervision with supervisee

- **Bethany Harper, M.D.**
 - Residents as Teachers Course-Director and lecturer: 4 week course every August during the R2 year, Developed and Facilitated all 4 hours of the course
 - Psychotherapy Supervisor: R3- 1 hour per week
 - Daybreak Parenting Skills Program: Faculty Supervisor-supervision of residents and medical students- 1 hour per month
 - DCH Outpatient Supervisor for 3 fellows- 5-7 hours per week

➤ **Continuing Medical Education**

- **Suzie Nelson, M.D.**
 - Beaumont Psychiatry Residency Grand Rounds Invited Speaker
 - Population-Based Strategies in Behavioral Health” (May 2023)

- **Allison Cowan, M.D.**
 - Fame to Forensics” Wright State University Department of Psychiatry. Dayton, OH. April 2023

- **Terry Correll, D.O.**
 - Primary faculty coordinator/instructor for American Board of Psychiatry and Neurology Board Review Course (throughout year) for PGY 1-6 residents/fellows in the Department of Psychiatry at Boonshoft School of Medicine, Wright State University. Prepare and teach 9 sessions each summer
 - Created/Taught “Fame to Forensics” regarding Ms. Britney Spears’ conservatorship, forensic psychiatric implications/learning points, and the Goldwater Rule with Dr. Allison Cowan and Andrew Correll at Wright State University Boonshoft School of Medicine, Department of Psychiatry Grand Rounds Apr 2023
 - Created/Taught “Treatment-resistant Depression, Anxiety, and Lifestyle Medicine” at 28th Annual Family Practice Review and Reunion at Ponitz Center, Sinclair Community College February 2023
 - Created/Taught “How to Effectively Implement Healthy Lifestyle Interventions With YOUR Patients” for DHA/DoD audience and Lifestyle and Performance Medicine Team 18 November 2022
 - Created/Teach “Aeromedical-Psychiatric Interface with Mental Health” at 88th Medical Group, Wright-Patterson Air Force Base
 - Created/Teach “Air Evacuation of the Mental Health Patient” in the Advanced Clinical Concepts in Aeromedical Evacuation Course, taught several times yearly

➤ **Continuing Medical Education – continued from page 33**

- **Nita Bhatt, M.D.**
 - “The Evolution of State Psychiatric Hospital in The United States” William Beaumont Hospital Department of Psychiatry, Royal Oak, MI. 12/2022

- **Gianni Maione, M.D.**
 - Clinical rotation supervision and education with CAP Fellows (09/2022 – 06/2023) on the Behavioral Health Unit.
 - Clinical rotation supervision and education with Psychiatry Interns (09/2022 – 06/2023) on the Behavioral Health Unit.
 - Outpatient clinical supervision and education with CAP Fellows (05/2023) in the Behavioral Health Clinic

- **John Sullenbarger, M.D.**
 - Climate Psychiatry and Psychotherapy: 1 hour grand rounds on February 14th, 2023
 - Delivering Bad News: 1-hour grand rounds on March 7th, 2023

- **Brian Merrill, M.D.**
 - Methamphetamine Associated Psychosis. Gainer D, Merrill B, Miller G, Stacy P, Wright State University Grand Rounds April 2023

- **John Weiffenbach, M.D.**
 - Psychiatry Clinical Teaching

- **Danielle Gainer, M.D.**
 - Reproductive Psychiatry: Clinical Approaches and Considerations for Care”, Grand Rounds Presentation, Boonshoft School of Medicine Department of Psychiatry, May 9, 2023
 - Methamphetamine Associated Psychosis”, Grand Rounds Presentation, Boonshoft School of Medicine Department of Psychiatry, May 2, 2023
 - Ambivalence Towards Treatment and Recovery in the Lives of People Who Use Drugs”, Grand Rounds Presentation, Boonshoft School of Medicine Department of Psychiatry, April 25, 2023
 - Harm Reduction: Theory, Practice and Clinical Applications”, Learning Institute Presentation, OneFifteen, July 13, 2022

- **Julie Gentile, M.D., M.B.A.**
 - National Presentation: Intellectual Disability Psychiatry Updates 2023. American Psychiatric Association National Conference 2023
 - National Presentation: Substance Use Disorders in Adolescents. American Psychiatric Association National Conference 2023

SCHOLARLY ACTIVITY

To increase scholarly activity among faculty and residents, we created a Scholar's Forum. This involves meetings to elicit research ideas and interests, negotiate difficulties in initiating research, and develop research oriented working groups. Our national regard and reputation were enhanced through presentations at numerous national meetings including the American Psychiatric Association, and American Association of Child and Adolescent Psychiatry, the National Association for the Dually Diagnosed, and the American Association of Directors of Psychiatric Residency Training. Faculty members have been active on Editorial Boards, Advisory Boards, and committees, both within the University, throughout the local community, and at the national level. Dr. Allison Cowan and Dr. Julie Gentile serve as editors of a peer-reviewed monthly column in a highly respected journal, *Clinical Innovations of Neuroscience*, for Psychotherapy Rounds. There was an increase of 300% in the published works over the past 3 years, initiation of multiple research projects (including planning stages of our first clinical trial) and numerous grants (now totaling more than \$11,000,000 since 2003) in many areas of psychiatry and neuroscience.

Funded Grants

➤ Kari Harper, M.D.

- **Ohio Department of Developmental Disabilities**

Principal Investigator: J.P. Gentile MD, MBA

Co-Investigator: Kari Harper MD, 2019

Title: Ohio's Telepsychiatry Project for Intellectual Disability

Direct Costs: \$225,000 (Renewed 2020, 2021)

Direct Costs: \$250,000 (Renewed 2022, 2023, 2024, 2025)

- **Ohio Department of Developmental Disabilities**

Principal Investigator: J.P. Gentile MD, MBA

Co-investigator: Kari Harper MD, 2019

Title: Residency Training Grant for Intellectual Disability Direct Costs: \$80,000 (Renewed 2020, 2021)

Direct Costs: \$90,000 (Renewed 2022, 2023, 2024, 2025)

Montgomery County Alcohol, Drug and Mental Health Services Board

Principal Investigator: Kari Harper M.D., 2023

Title: Child/Adolescent Psychiatry Training/Placements

Direct Costs: \$150,000

➤ Danielle Gainer, M.D.

- **Substance Abuse and Mental Health Services Administration**

Co-Project Directors: Danielle Gainer, MD and Anna Squibb, MD, 2022

Title: Wright OUTT (Opioid Use Treatment Training) Program

Direct Costs: \$226,852

- **Ohio Department of Mental Health and Addiction Services**

Principal Investigator: Danielle Gainer, MD, 2017

Title: Rural General Psychiatry

Direct Costs: \$10,000 (renewed 2018, 2019, 2020, 2021)

➤ Ryan Mast, D.O.

- ADAMHS (ended 12/31/2022);

- OhioMHAS (ended 12/31/2022);

- Ohio Dept of Developmental Disability (ended 1/20/2023)

Funded Grants – continued from page 36

➤ **Allison Cowan, M.D.**

- **Ohio Department of mental health and addiction services**
 - Primary investigator: JP Gentile MD
 - Co-Investigator: A. Cowan
 - Title: Ohio is coordinating center of excellence in MIID
 - Direct costs: \$85,500
 - Renewed 2010 through 2024
- **Ohio Department of Developmental Disability**
 - Principal Investigator: Julie P. Gentile MD, 2022
 - Title: Ohio's Telepsychiatry Project for Intellectual Disability
 - Direct Costs: \$250,000 Renewed 2023
- **Ohio Department of Developmental Disabilities**
 - Principal Investigator: Julie P. Gentile, M.D., 2022
 - Title: DODD Training Grant: Dual Diagnosis: Mental Illness/Intellectual Disability
 - Direct Costs: \$90,000 Renewed 2023

➤ **Brian Merrill, M.D**

- 09/01/2022 – 8/31/2025
671640 Hershberger (PI)
SAMHSA Wright OUTT
Wright OUTT (Opioid Use Treatment Training) Program is to provide training and resources to residents and graduate-level students in medical and physician-assistant programs in Montgomery County, Ohio at Wright State University, the University of Dayton, and Kettering College, equipping them with the theoretical knowledge and practical training required to treat opioid use disorder and other substance use disorders.
- 07/01/2017 – 06/30/2023 Merrill (PI)
671230
Ohio Mental Health and Addiction Services
Community General Psychiatry (PYC55)
Provide education to psychiatry residents aimed at developing clinical skills and knowledge of health systems aimed at preparing trainees for a career in public-sector psychiatry following graduation.
- 07/01/2020 – 06/30/2023 Merrill (PI)
671232
Ohio Mental Health and Addiction Medicine
Adult Psychiatry (PYC55)
Support provided to improve quality of clinical services in the region and enhance the training programs in public sector psychiatry."

Funded Grants -continued from page 37

➤ **Julie P. Gentile, M.D., M.B.A.**

- **Ohio Department of Mental Health and Addiction Services**
Principal Investigator: Julie P. Gentile, MD, MBA
Title: Training Series Mental Illness/Intellectual Disability
Direct Costs: \$200,000, 2022-2023
- **Ohio Department of Developmental Disability**
Principal Investigator: Julie P. Gentile MD, 2022
Title: Consultant to Director Hauck
Direct Costs: \$90,000 (Renewed 2023, 2024)
- **Ohio Department of Developmental Disability**
Principal Investigator: Julie P. Gentile MD, 2021
Title: Consultant to Director Davis
Direct Costs: \$78,000 (Renewed 2022, 2023, 2024)
- **Ohio Department of Developmental Disability**
Principal Investigator: Julie P. Gentile MD, 2022
Title: Ohio's Telepsychiatry Project for Intellectual Disability
Direct Costs: \$250,000 (Renewed 2023, 2024)
- **Ohio Department of Developmental Disabilities**
Principal Investigator: Julie P. Gentile, M.D., 2022
Title: DODD Training Grant: Dual Diagnosis: Mental Illness/Intellectual Disability
Direct Costs: \$90,000 (Renewed 2023, 2024)

D. The intended audience includes all Airmen (including senior leadership) to raise awareness of this very common psychological injury in the USAF that may occur when our actions or experiences violate moral or ethical values. Moral injury is often associated with military service and can have a profound and lasting impact on a person's mental and emotional well-being. The ACS commonly encounters this condition with and without associated PTSD

SUMMARY OF SERVICE ACTIVITIES

Our department organized efforts to create/renew/expand collaborative efforts. We have increased volunteerism and philanthropic efforts in the last 12 months. We participate in DCH Ronald McDonald House cooking meals for parents and families of hospitalized children, “Buddy Up” Tennis lessons for adolescents with Down Syndrome, NAMI, We Care Arts fundraiser, among others.

Student Advising

- **Ryan Mast, D.O.**
 - Director of Medical Student Mental Health Services

- **Nita Bhatt, M.D.**
 - Wright State University Boonshoft School of Medicine Department of Psychiatry Medical Student Faculty Career Advisor

- **Laura Virgo, M.D.**
 - Provide informal advising for medical students, primarily through the military, on the profession of psychiatry and what it presents as in the Air Force. This is part of my work as the Director of Medical Student Education and I spent approximately 12 hours over the past year for 30 medical students.

- **Bethany Harper, M.D.**
 - PsychSign Faculty Advisor – mentorship and advising for PsychSign leadership
 - Academic Advisor for students interested in psychiatry or in the process of applying for psychiatry residency including personal statement advising, LoR writing, Practice Virtual Interviews for psychiatry applicants

- **Brian Merrill, M.D.**
 - Informal mentorship to many students, mostly those with addiction medicine interest. As the former course director of the addiction medicine rotation, I had the opportunity to work closely with many students. I also offer myself as a resource to students interested in psychiatry and many do schedule meetings to discuss the profession and our program. I routinely write letters of recommendation and support the professional growth of students in this capacity.

- **John Weiffenbach, M.D.**

○ **William Clark, M.D.**

- Clinical Competency Committee Member, Child & Adolescent Psychiatry Fellowship, Wright State University
- Clinical Competency Committee Member, General Psychiatry Residency, Wright State University
- Ethics Committee Member, 88th Medical Group, WPAFB

PATIENT CARE SUMMARY

Our clinical focus remains on provision of comprehensive patient care in the public sector with an emphasis on state-of-the-art pharmacotherapy and various types of psychotherapy. We are committed to promoting the practice of evidence-based medicine among students, residents and faculty members.

New sites include an addiction clinic for adolescents and transition age adults at Daybreak, which is also a training site for adult residents CAP Fellows. We also have placed (and funded) a resident at the MonDay Program, providing addiction and SPMI treatment attached to the correctional system.

The Resident Therapy Clinic continues to be a unique community resource and serves not only patients from the community but also students from the BSoM. The focus on dynamic psychotherapy as an evidence-based practice continues to be one of our strongest recruiting tools for graduating medical students. The clinic provides more than 3,900 hours of therapy for patients in our community this year and has a flat fee of \$40 per session and is fiscally stable for the first time in decades.

The Department retains its cutting-edge use of Telepsychiatry services to reach rural and under-served communities across the state; this project was implemented in 2011. We are now serving 2,300 of the most complex patients from 87 of Ohio's 88 counties and collaborating with multiple agencies to offer integrated treatment programs. We continue to receive funding support from the Ohio Department of Mental Health and Addiction Services as well as the Ohio Department of Developmental Disabilities (totaling nearly \$11 million since inception).

Dr. Julie Gentile, Dr. Allison Cowan and Dr. Kari Harper have partnered with DODD and OCALI to create the first IDD Multi-system Consultation Teleconference, which is a weekly real time consult across the state of Ohio for youth ages 10-18 years of age.

HONORS AND AWARDS

➤ **Honors and awards**

- **Julie Gentile, M.D.**
 - Dayton's Best Doctors Award in 2023
- **Terry Correll, D.O.**
 - 2023 Fellow of Aerospace Medical Association
 - 2023 Inaugural Dr. Albert Painter Faculty Leadership Award
- **Brian Merrill, M.D.**
 - 2023 Nancy C.A. Rieske MD Certificate of Recognition for Excellence in Medical Student Education
 - Dayton's Best Doctors Awards in 2023
- **Nita Bhatt, M.D.**
 - Chair's Recognition Award in 2023
- **Kari Harper, M.D.**
 - Chair's Recognition Award in 2023
- **Ryan Mast, D.O.**
 - Child and Adolescent Program Training Director's Award in 2023

Creative Production

Dr. Gentile and Dr. Cowan in the BSOM Psychiatry department received a grant to create training videos for the Ohio Department of Mental Health and Addiction Services. These videos are posted on the OMHAS site and linked to from the BSOM website. Lecture's and their topics are listed below:

- **Nita Bhatt, M.D.**
 - SAMI/IDD

- **Jessica Porcelan, M.D.**
 - Gender Diversity and Correlation of GD/ASD

- **Henrick Close, M.D.**
 - Interviewing Techniques/Psychiatric Assessment

- **Julie Gentile, M.D.**
 - Medical Assessment / BPSD Formulation
 - IDD for Services and Supports Administrators/Case Managers
 - IDD for Direct Service Professionals/TPWs/Caregivers/Family Members/First Responders

- **David Dixon, M.D.**
 - Psychotropic Medications in IDD; part one
 - Psychotropic Medications in IDD; part two

- **Allison Cowan, M.D.**
 - Ancillary Services (OT/PT/Speech Therapy/Sensory Needs etc.)/Behavioral Assessment and Interventions
 - Psychotic Disorders
 - Borderline Personality Disorder and Other Personality Disorders
 - Working with MI/ID: Best Practices to support those with BPD, Mood d/o, Anxiety d/o, etc.

- **Brent Schnipke, M.D.**
 - First Aid: Information for First Responders and Telepsychiatry
 - Mental Health and Suicide in IDD
 - Introduction to IDD Psychiatry

- **Carroll Jackson**
 - Let's talk about: Provision of Psychotherapy with Individuals with IDD
 - What's going on: Introduction to Mental Health Assessment

- **Kelly Blankenship, M.D.**
 - On the Spectrum: Autism Spectrum Disorder

- **Elizabeth Schindler, M.D..**
 - Sexual Assault and Intellectual Disability for Clinicians
 - Sexual Assault and Intellectual Disability for Non-clinicians

- **Marshal Ash, M.D.**
 - Anxiety Disorders in persons with IDD

- **Kari Harper, M.D.**
 - It doesn't have to be like this: Aggression in IDD for Clinicians
- **Reid Hester, M.D.**
 - Trauma in Persons With Intellectual Disability
- **Laura Virgo, M.D.**
 - Scope and Standards of Nursing in Individuals with Intellectual Disabilities
 - Birth to Death: Providing Nursing for Individuals with Intellectual Disabilities
 - It's not just behavior: Providing Behavior Management for Individuals with Intellectual Disabilities
- **Jeff Guina, M.D.**
 - Civil Legal Issues related to Intellectual Disabilities
 - Criminal Law and Intellectual Disabilities
 - Neurological Conditions in Individuals with Intellectual Disabilities
- **Danielle Gainer, M.D.**
 - Ups and Downs: Mood Disorders
