Exclusions

What's Not Covered

In this section you will find a review of items that are not covered by your Plan. Excluded items will not be covered even if the service, supply, or equipment is Medically Necessary. This section is only meant to be an aid to point out certain items that may be misunderstood as Covered Services. This section is not meant to be a complete list of all the items that are excluded by your Plan.

We will have the right to make the final decision about whether services or supplies are Medically Necessary and if they will be covered by your Plan.

We do not provide benefits for procedures, equipment, services, supplies, or charges:

1. Which We determine are not Medically Necessary or do not meet Our medical policy, clinical coverage guidelines, or benefit policy guidelines.
2. Services you get from Providers that are not licensed by law to provide Covered Services as defined in this Booklet. Examples of non-Covered Providers include, but are not limited to, masseurs or masseuses (massage therapists), physical therapist technicians, and athletic trainers.
3. Which are Experimental/Investigative or related to such, whether incurred prior to, in connection with, or subsequent to the Experimental/Investigative service or supply, as determined by Us. The fact that a service is the only available treatment for a condition will not make it eligible for coverage if We deem it to be Experimental/ Investigative.
4. For any condition, disease, defect, ailment, or injury arising out of and in the course of employment if benefits are available under any Workers' Compensation Act or other similar law. If Workers' Compensation Act benefits are not available to you, then this Exclusion does not apply. This exclusion applies if you receive the benefits in whole or in part. This exclusion also applies whether or not you claim the benefits or compensation. It also applies whether or not you recover from any third party.
5. To the extent that they are provided as benefits by any governmental unit, unless otherwise required by law or regulation.
6. For any illness or injury that occurs while serving in the armed forces, including as a result of any act of war, declared or undeclared.
7. For a condition resulting from direct participation in a riot, civil disobedience, nuclear explosion, or nuclear accident.
8. For court ordered testing or care unless Medically Necessary.
9. For which you have no legal obligation to pay in the absence of this or like coverage.
10. For the following:
 - a) Physician or Other Practitioners' charges for consulting with Members by telephone, facsimile machine, electronic mail systems or other consultation or medical management service not involving direct (face-to-face) care with the Member except as otherwise described in this Booklet.
 - b) Surcharges for furnishing and/or receiving medical records and reports.
 - c) Charges for doing research with Providers not directly responsible for your care.
 - d) Charges that are not documented in Provider records.
 - e) Charges from an outside laboratory or shop for services in connection with an order involving devices (e.g., prosthetics, orthotics) which are manufactured by that laboratory or shop, but which are designed to be fitted and adjusted by the attending Physician.
 - f) For membership, administrative, or access fees charged by Physicians or other Providers. Examples of administrative fees include, but are not limited to, fees charged for educational brochures or calling a patient to provide their test results.
11. Received from a dental or medical department maintained by or on behalf of an employer, mutual benefit association, labor union, trust or similar person or group. This exclusion does not apply to Covered Services that have not been exhausted and are not paid for by another source.
12. Prescribed, ordered or referred by or received from a member of your immediate family, including your spouse, child, brother, sister, parent, in-law, or self.
13. For completion of claim forms or charges for medical records or reports unless otherwise required by law.
14. For missed or canceled appointments.
15. For mileage, lodging and meals costs, and other Member travel related expenses, except as authorized by Us or specifically stated as a Covered Service.
16. For which benefits are payable under Medicare Parts A and/or B or would have been payable if you had applied for Parts A and/or B, except as listed in this Booklet or as required by federal law, as described in the section titled "Medicare" in "General Provisions". If you do not enroll in Medicare Part B, when you are eligible, We will calculate benefits as if you had enrolled. You should sign up for Medicare Part B as soon as possible to avoid large Out-of-Pocket costs.
17. Charges in excess of Our Maximum Allowable Amounts.
18. Incurred prior to your Effective Date.
19. Incurred after the termination date of this coverage except as specified elsewhere in this Booklet.
20. For any procedures, services, equipment or supplies provided in connection with cosmetic services. Cosmetic services are primarily intended to preserve, change or improve your appearance or are furnished for social reasons. No benefits are available for surgery or treatments to change the texture or appearance of your skin or to change the size, shape or appearance of facial or body features (such as your nose, eyes, ears, cheeks, chin, chest or breasts). Complications directly related to cosmetic services treatment or surgery, as determined by Us, are not covered. This exclusion applies even if the original cosmetic services treatment or surgery was performed while the Member was covered by another carrier/self-funded plan prior to coverage under this Booklet. Directly related means that the treatment or surgery occurred as a direct result of the cosmetic services treatment or surgery and would not have taken place in the absence of the cosmetic services treatment or surgery. This exclusion does not apply to conditions including but not limited to: myocardial infarction; pulmonary embolism; thrombophlebitis; and exacerbation of co-morbid conditions.

21. For maintenance therapy, which is rehabilitative treatment given when no further gains are clear or likely to occur. This Exclusion does not apply to "Habilitative Services" as described in the "What's Covered" section.
22. For Custodial Care, convalescent care or rest cures.
