BAMS

Is

Opportunity

Opportunity

- Have you spent hours copying and pasting information from one system to another?
- Have you spent days waiting for a report from someone else?

Opportunity

- Wonder why we have “always done it that way”?
- Feel like you are just barely treading water?

Opportunity

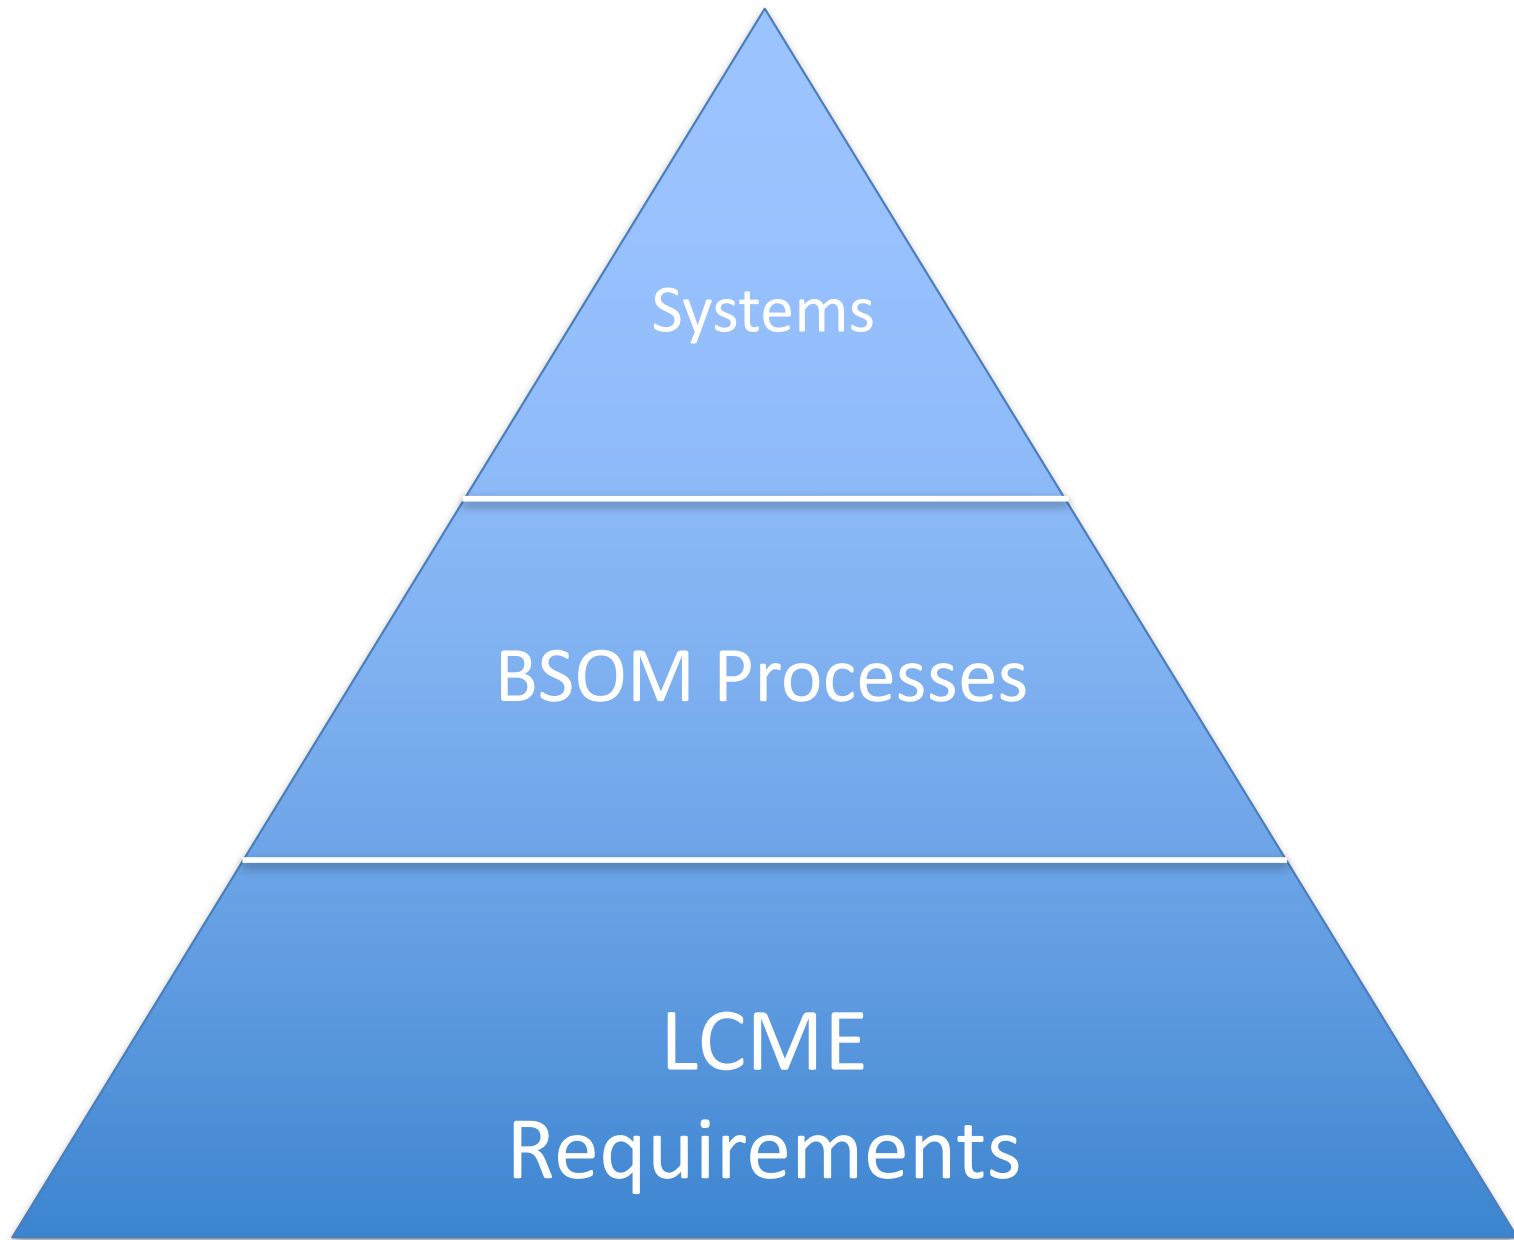

- Wish you had more time to spend on critical tasks?
- BAMS is an opportunity to address these questions!

Background - 2016

- Started to look for new curriculum mapping solution and ePortfolios
- Project appeared to transform into the need for one system to do everything
- Clarification meeting with Dr Dunn
 - Co-Leaders
 - Greg and John
 - Vision

Vision

- Eliminate paperwork
- New, efficient processes
- Manage student data and curricular content
- Continuous compliance with LCME requirements
- ALL data related to academic performance
- Collection of systems to support the above

Core Team

- Clerkship Coordinators
 - Rebecca Elofskey
- Information Technology
 - Kurt Brugger
 - Greg Kojola
 - John Needles
- Office of Medical Education
 - Colleen Hayden
 - Chris Stein
- Student Affairs/Admissions
 - Leann Poston

Where we are at

- Dr Dunn clarification meeting
- Discussions with CaTS/Registrar
- Reviewing four vendors
- System mapping exercise at SAA Refresh
- Worked with MarComm on website and initial email communication
- Announced to Clerkship Coordinators that New Innovations will most likely remain
 - Processes still need reviewed and improved

Where we are going

- Subject Matter Experts
 - Email soon asking to review scripted demo questions by the end of next week
- Scripted demo by two vendors in March
 - Narrowed to OASIS and Entrada
- Continue communication plan with MarComm
- AAMC GBA/GIP/GIR Spring Meeting
 - May
 - Poster presentation on project

What we need for success

- Communication
- Collaboration
- Change Management

Timeline

- Classes of 2017, 2018, 2019 and 2020 will finish mostly under current systems
- Class of 2021 will start with new curriculum but not BAMS
 - Migrate to BAMS during the Foundations phase
- Class of 2022 will start under BAMS
- Class of 2023 may be first admitted using WebAdMIT (new AAMC admission system)

Thank you!
